## Research Proposals & Theses

No.	Title	University	Approved Date	Finished Date	Status/Type
1	Designing an educational system for short-term complementary medicine courses in the Faculty of Persian Medicine, Iran University of Medical Sciences Amirhossein Jamshidi Baharesadat Yousefsani <b>Majid Dadmehr</b>	Iran University of Medical Sciences	2022-3-18		Accepted
2	Thematic description of the theses, and assessment of methodological quality and application of clinical trial theses in the field of traditional medicine in the Universities of Medical Sciences in Tehran Fataneh Hashem Dabaghian <b>Majid Dadmehr</b> Samira Kadkhodaii Pirooz Fereshteh Morteza Ğ Mojahedi Maryam Iranzadasl	Iran University of Medical Sciences	2022-3-6		Accepted
3	Correction and translation of the book entitled the needs to medicine and physicians and their recommendations <b>Majid Dadmehr</b> Hamed Arezaei	Iran University of Medical Sciences	2021-10-17		Under Supervision
4	Report of efficacy of cupping and chamomile oil on dysmenorrhoea, A case series Elham Akhtari <b>Majid Dadmehr</b> Fataneh Hashem Dabaghian	Iran University of Medical Sciences	2021-10-17		Under Supervision
5	Report of Acupuncture efficacy on management of Infertility A case report Elham Akhtari <b>Majid</b>	Iran University of Medical Sciences	2021-10-17		Under Supervision

	Dadmehr Mohammad Hossein Ayati				
6	Report of diabtese management in a new case with diet and Acupancture Elham Akhtari Mohammad Hossein Ayati <b>Majid</b> <b>Dadmehr</b>	Iran University of Medical Sciences	2021-10-17		Under Supervision
7	Efficacy of Precure capsul on dysmenorreeh in known cases of endomethriosis RCT Elham Akhtari Fataneh Hashem Dabaghian <b>Majid</b> <b>Dadmehr</b> Amirhossein Jamshidi	Iran University of Medical Sciences	2021-5-16		Under Supervision
8	Use of traditional herbal medicine (Lallemantia royleana seeds) for pediatric migraine headache a case report Elham Akhtari Mona Haghighi <b>Majid</b> <b>Dadmehr</b>	Iran University of Medical Sciences	2021-5-16		Under Supervision
9	Explanation of the concept of Tiryag (antidote) and its application in Persian Medicine Fateme Eghbalian Baharesadat Yousefsani <b>Majid</b> <b>Dadmehr</b> Reza Safari Shali Haniye Mirhosseini	Iran University of Medical Sciences	2020-8-11		Under Supervision
10	The comparison of effectiveness of Rosa canina and Pardihan syrups on ADHD symptoms: A randomized double blinded clinical trial Haide Golsorkhi <b>Majid</b> <b>Dadmehr</b> Mohammad Vafaei Mohamad Kamali Hasan Bahrami Hadi Montazerlotfelahi	Iran University of Medical Sciences	2019-6-14		Accepted
